Arondo, b. g., by Moquette, R. W. Grier, St. Joseph, Mo.  
David Look, b. m., by Wilaak, J. E. Casey, Independence, Mo.

The twenty-five horses above named will have the honor today of opening Omaha's revival harness meeting. They will contest in three races—the first held in this city in more than ten years.

King Horse, for a decade an outcast from the scene of many former triumphs, while false pretenders ruled, will return to the throne today while thousands cheer him from the grandstand at East Omaha.

When 2 o'clock comes today a game will summon the race horses to the track. Waves of applause will sweep the grandstand. The horses will score. The starting judge will give them the word.

"Go!" Men and horses well know the meaning of the word. It signifies two minutes and a quarter of the most extreme effort—horses and men straining every nerve to the end of finishing the mile first, yet retaining control of nerves and brain—one of the oldest of sports, yet one which for true sportsmanship has never been surpassed.

**Two-Fifteen Trot Today.**  
The 2:15 trot, the feature event of today's card, may prove the closest race of the entire meeting. The outstanding feature of this contest prior to its beginning is the fact that the wise ones find it impossible to agree in picking a horse which "has a mortgage" on it, or to name two horses, one of which is certain to win. One reason is that the track seems likely to be a little soft today, which fact alone renders any race uncertain.

**WILSON PASSES UP HIS USUAL AUTOMOBILE RIDE**  
CORNISH, N. H., Aug. 3.—President Wilson was in communication with Secretary Lansing today regarding the Mexican situation and other foreign questions. The president is handling his communications with Secretary Lansing personally. He spent more than an hour working in his private study on communications to be sent to Washington today.

The president set to work into this morning because of the presence here of Secretary of the Treasury McAdoo and Mrs. McAdoo, but after their departure shortly before noon for their summer home at North Haven, Me., he went to his study. This afternoon he failed to take his usual automobile ride because of the arrival here of Mrs. Anne Howe, his sister, Prof. George Howe of North Carolina university, his nephew, Mrs. Anne Cotman, his niece, and Josephine Cotman, a small grand niece. He spent the entire evening talking with them at Harlakenden house.

**Southern Bankers to Organize.**  
CORPUS CHRISTI, Tex., Aug. 3.—Organization of Southern bankers for the marketing of the 1915 cotton crop is the object of a conference called to meet in Galveston, August 11.

**Named Professor of Law.**  
BOULDER, Colo., Aug. 3.—Prof. William E. Arthur of Washburn College of

### BRITISH WOMEN WANT TO MAKE MUNITIONS—Here are women representing Russia, Serbia and Montenegro, the allies of Great Britain, in the monster women's parade in London, when 50,000 women demanded that they be allowed to work in the munition factories, owing to the shortage of men.

RUSSIA SERBIA MONTENEGRO

Law, Topeka, Kan., has been appointed professor of law at the University of Colorado.

### Chicago Mechanics On Way to Britain To Munitions Plant

CHICAGO, Aug. 4.—The Daily News says: "Parties of Chicago recruits for England's 'munitions army' are now at sea, bound for British soil on the steamer Arabis; others are aboard the Adriatic, which was to sail from New York today. "Light today was thrown on the system which is sending American mechanics to English munition factories and ship yards. A letter from the officers of the White Star-Dominion line to a Chicago applicant for a job as a 'munitions volunteer' came into possession of the Daily News, and it is said to uncover the methods by which Great Britain is enlisting American skilled craftsmen for factory war duty.

"Chicago workmen have been recruited for some time past by Superintendent Bond at the Elston avenue round house of the Grand Trunk railroad, it is reported. Men accepted have been furnished transportation to England at the offices of the White Star-Dominion line, at No. 14 North Dearborn street.

"Wages as high as \$39 a week, plus overtime, are mentioned in the steamship company's letter to would-be recruits," as well as rail and ocean fare both ways and one year's employment guaranteed at union rates."

### Charge Jews Used as Shields in Battle

ATLANTIC, N. J., Aug. 3.—Members of the executive council of the B'Nai B'Rith in session here today declared that the condition of the Jews in Russia had not been improved notwithstanding reports of concessions at the beginning of the European war.

It was charged by speakers that Jews were being used as shields by the Russian soldiers in the trenches and it was decided to enter a protest with the State department at Washington if upon investigation the charges are found to be true. The council appropriated \$40,000 to be used in Jewish charity work, the coming year.

### Roar of Cannon Again Heard Off Gothland

LONDON, Aug. 4.—A Copenhagen dispatch to the Exchange Telegraph company says that cannonading has been heard off Gothland, a Swedish island in the Baltic, which is attributed to the Russian fleet striving to prevent the Germans from landing troops on the Courland coast.

### Railroad Bridge Burned During Hunt for Mexican Bandits

BROWNSVILLE, Tex., Aug. 4.—Wire and rail communication between the Brownsville section and the rest of Texas was cut off last night near the point where the United States cavalry men yesterday cleared a stockade of alleged Mexican cattle thieves.

A bridge 230 feet long on the St. Louis, Brownsville & Mexico railroad, the rail link between a large section of the border and the rest of the United States, was burned.

### NEW OUTFIELDER SIGNED BY OMAHA

McChesney, from New York State League, is Already Here Ready to Don His Uniform.

#### BOOSTING FOR BOOSTER DAY

McChesney, an outfielder from the Troy club of the New York State league, has been signed by Pa. Rourke and is in Omaha ready to don the spangles. McChesney comes well recommended. He played for a short while in the Western before going back to Troy. Last year he slugged the pill for an average of .285.

That a number of Stecher's supporters in Dodge will be on hand for the Booster Day game here Friday is word received by Pa. Rourke over long distance telephone from Stecher. Joe says he is in as good condition now as any time in his life, and that he and Brother Anton intend to give Omaha base ball and wrestling fans a keen exhibition following the booster day game. Joe says that a goodly number of Dodge county chaps are coming down for the day.

The Stecher exhibition is to come immediately after the game. The time will be about 2:30, thus being late enough for those who cannot get off for the ball game to see the wrestling exhibition. The ball game, with Denver as the attraction, will be called at 3:30 instead of the usual 2 o'clock.

Rourke has been assured by the officers of all the commercial and fraternal organizations of the city that large numbers of their members intend to be on hand for the big doings. These bodies have all asked their members to get out and boost, as base ball needs every encouragement if it is to exist in Omaha and the Western league.

A hand will be signed up to furnish harmony before the game and everything arranged so that the event shall be a gala one.

The band, which will be of twenty pieces, has been donated by the Omaha Musicians' association. Before the game the band will parade the street as way of reminder that the big day is on hand. The siren whistle will also blow just before the game.

A meeting of the booster committee was held Tuesday at the Commercial club and final arrangements were made. The price of admission for the game will be the regular amount, 50 cents. The pass rate on this day will be closed, so that everybody who enters the ballpark will have to plunk down his or her four bits.

### WOMAN KILLED BY FALL FROM LOW HAYSTACK

LENNOX, S. D., Aug. 4.—(Special.)—Mrs. John Peters, wife of a well-known farmer living near town, was instantly killed when she lost her balance and fell off a stack of hay. She was assisting her husband in placing a regulation top on the stack. The stack was only about five feet high, but the unfortunate woman fell backward in such a manner that her neck was broken. She was 66 years of age, and with her husband and family had resided in the Lennox territory for many years, coming to South Dakota from Breda, Ia.

### Two Elevators Burn.

MASON CITY, Ia., Aug. 3.—(Special Telegram.)—Elevators owned by Hugh Mullin and Charles Row at Britt, burned this morning. Loss \$14,000; insurance, \$5,000.

### Insect Bites and Infection Dangerous.

Apply Sloan's Lintment to any bite, sting or bruise; it kills the poison and heals the wound. Only 25c. All druggists. —Advertisement.

### Two Drowned at Lima.

LIMA, O., Aug. 4.—Last night's cloud-burst in this vicinity took a toll of two lives. Waldo Good, aged 3, son of John Good, of Plida, O., was drowned in Pigeon Run while helping other boys drive cows to safety from rising waters. Keith Troyer, aged 11, of Muncie, Ind., lost his life in the Blanchard river at Du Pont, O., while wading, when he ventured too far.

### Snyder Shows Class.

Snyder, the Cardinals' star catcher, who couldn't hit last year, is banging the ball at a .395 clip. In throwing to bases he is in the same class with Killifer and Archer.

### LORING AND PAGE WEDDING

Daughter of Ambassador and Son of General Loring of Boston Are Married in London.

#### CEREMONY IN CHAPEL ROYAL

LONDON, Aug. 4.—Miss Katherine Alice Page, daughter of the American Ambassador to Great Britain and Mrs. Walter Hines Page, was married at 2:30 o'clock this afternoon at the Chapel Royal, St. James palace, to Mr. Charles Greely Loring, son of General Charles Loring of Boston. The ceremony was performed by Bishop Bord-Carpenter, sub-dean of Westminster Abbey, assisted by the Rev. Edgar D. Sheppard, sub-dean of Chapel Royal. The bride was given away by her father, and her brother, Frank Page, was Mr. Loring's best man.

The wedding was very simple, because the ambassador's family desired to avoid anything resembling a social function while the war is in progress. The floral decorations were beautiful, but not profuse. Members of the government, representatives of the royal court and diplomats present wore morning dress. The invitations virtually were limited to persons in official life and intimate friends of the family, the guests numbering hardly more than 100. All the ambassadors to Great Britain were present with their wives, and the British government was represented by Premier and Mrs. Asquith and Sir Edward Grey, secretary for foreign affairs. The military and navy attaches of the United States embassy acted as ushers.

#### Gown of White Tulle.

The bride's gown was of white tulle over crepe de chine, with rows of old Russia point lace around the under-skirt. Her veil was white tulle, edged with pearls, and she wore a small wreath of orange blossoms. The bridesmaids, Miss Frances Leggett of New York, Miss Katherine Seton of Auburn, N. Y., and Miss Joan Cavendish-Bentley of London, wore gowns of ecru lace made with three-trill skirts and with little jackets of green taffeta trimmed with silver. They wore hats of black tulle and velvet, and shower bouquets of lilies of the valley were carried.

After the ceremony Premier Asquith, Sir Edward Grey and the ambassadors signed the register, after which Mr. and Mrs. Loring went to the Page residence in Grosvenor square, where they said good-bye to a few close friends before departing on their wedding trip. There was no formal reception. After a brief period spent in England, Mr. and Mrs. Loring will go to the United States and will be at home after September 8 at their residence in Otis Place, Boston.

Among the gifts received by the bride were a fan of amber and old lace from King George and Queen Mary; two large cut glass vases from the American society of London and two silver dishes from the American Luncheon club.

## FRY'S SHOE STORE ROBBED OF PROFITS

## FRY'S SHOE CO 16th & DOUGLAS

## Every Man Complains of His Memory But No Man Complains of His Judgment

To decide to use the Classified Columns of THE BEE, then to forget to do so is to annul your judgment through the mere habit of forgetting.

If your judgment is sound, enforce its decrees on your reluctant memory, and next time you will have found a tenant, rented a room, secured a new boarder, initiated a real estate sale, progressed in your search for employment or sold the second-hand furniture or fixtures instead of merely calling to mind a few days later that you had intended to advertise.

Apartments, flats, houses and cottages can be rented quickly and cheaply by a Bee For Rent.
